If you are send us parts for exhaust or engine component coating, we need to know more about the engine your parts are from. Make sure to tell us if this engine is running a supercharger, turbo or NOS. Also let us know if this engine is involved in any type of racing and if so what type. This information is important for us to choose the correct coatings to best meet your needs.

Vehicle: _____ Engine Cubic In: _____ HP: _____

Piston Comp. Ratio: _____ () Supercharger () Turbo () NOS

Is this a race engine? () Yes () No If Yes, what type of racing? _____

Please list each type of part separately and include the coating process you want on each part. If it is a part that has several different coating options, please indicate exactly, which of the processes you want done to our parts. For an example a piston has 3 different areas that can be coated. You need to state, which one of the three you want performed, on your parts. See our "Parts & Processes" data sheet for process choices. If you are sending more then 3 different parts please print another copy of this sheet and attach it to the first.
